## LEGACY IN THE MAKING

Founded by Mark Moussa in 1987, Arteriors is a leader in sophisticated lighting, furniture, wall décor and accessories, beloved by discerning interior designers and retailers worldwide. Through close collaborations with skilled artisans from around the world, Arteriors has set the pace with unique designs that transcend trends. From the understated to the unexpected, Arteriors offers an extraordinary assortment with special attention to material, texture, scale and finish.

## ART IS IN THE DETAIL

Introducing more than 500 new products each year is a major feat. We keep things fresh and current by creating inspired designs that revel in the details. From raw edges and etched glass to exposed wood grains, we infuse each piece with thoughtful design details that feel bespoke.

## INTERPRETING ARTISTRY

Whether on the streets of Milan or at a workshop in Guadalajara, our product designers are constantly traveling the world to bring elements of fashion and architecture to our designs, and ultimately our customers.

The product design team leverages the storied techniques of master artisans to bring these ideas to life. From gilded embroidery on a gown to organic elements in nature, the challenge of reinterpreting these inspirations through handcrafted metalwork or finish techniques yields a beautiful collection that feels new yet familiar.

“

WE LOOK TO CREATE products with a visual push and pull by combining finishes, forms and fabrics in a way that is provocative and compelling yet still allows for personal interpretation.

Mark Moussa

## DRIVEN BY COMMUNITY

The richness of our relationships defines Arteriors. We are constantly amazed by the interior design community and their keen ability to create spaces using our product designs in distinct, personal ways. It's through their purpose-driven approach that we've discovered how the Arteriors assortment can transcend one single design idea, celebrating the individual and their unique interpretation of luxury.

## HUMAN TOUCH

The human element in Arteriors' products is something we value—it's the signature the artist puts on each of the products they produce. That artisanal element is what makes each piece special and one-of-a-kind, infusing our designs with an intangible sense of luxury that is equal parts raw and refined.

## DESIGNER COLLABORATIONS

Great design is at the core of who we are, which is why we've tapped some of the most prolific interior designers with whom to collaborate as part of our Guest Designer program. Our roster of notable stylemakers includes **BARRY DIXON**, **FRANK PONTERIO**, **CELERIE KEMBLE**, **JAY JEFFERS**, **LAURA KIRAR**, and **WINDSOR SMITH**, with future collections planned with **RAY BOOTH**, **BETH WEBB** and **WORKSHOP APD**.

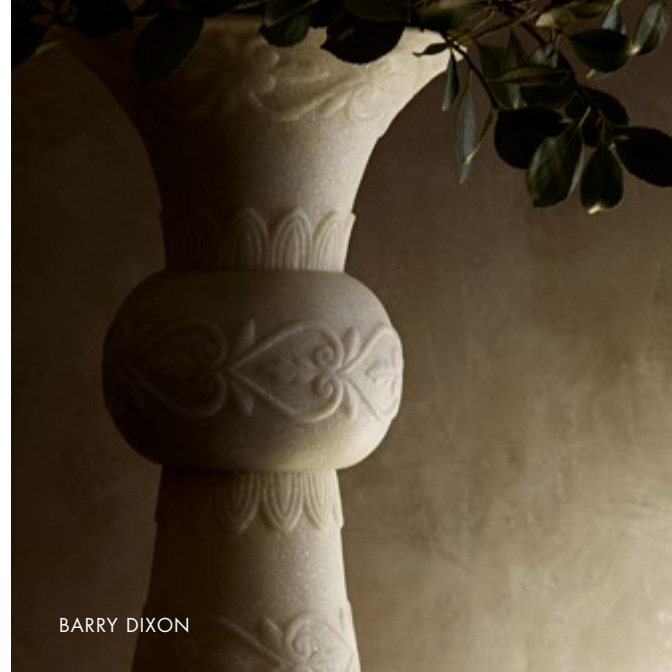

Each designer brings a new perspective that marries their unique design philosophy with the Arteriors aesthetic. By partnering with innovators across the spectrum, we always have the pulse on what designers crave and need when designing a space.
