## ORIGIN *meet* ORIGINAL

Balance is a core principal in the practice of interior design. Any well-designed space features both star and supporting players, each equally important in creating a holistic narrative.

Our latest launch ushers in a new era for Arteriors, one in which we explore the symbiotic nature between the bold & basic. Each season, Arteriors will debut a curated assortment of well-crafted design essentials to complement the statement-making icons you've grown to love. They're the little black dress, perfect for layering in multiple settings today, tomorrow and beyond.
