

A world map with a dark blue background and light blue landmasses. Numerous red squares of varying sizes are scattered across the map, indicating various global locations. The text is centered over the map.

Let's start with you.
Your design, your needs & expectations.
Let's make them your standard, together.

A world map with a dark blue background and light blue landmasses. Numerous red squares of varying sizes are scattered across the map, indicating various global locations. The text is centered over the map.

Our Philosophy

Whether delivering locally or on a global scale, our approach is the same; provide the utmost level of stakeholder buy in with every customer order.

We are committed to a modular approach to contract furniture by leveraging the efficiencies of factory assembled product in order to substantially reduce field assembly time & cost.

The results: better build quality at a fraction of the shipping & handling cost of conventional contract furniture with environmentally friendly, ultra low, packaging & cartons.

■ PRODUCT DESIGN WITH LOGISTICS IN MIND

Raceways are delivered with all specified components factory installed. They are set in place, ganged & turned over for power data termination the same day; providing substantial savings in the customer's time & money.

Close out is easy; hanging cantilevered work surfaces & end treatments with turn over by a LaCOUR manager onsite overseeing & assisting thru to acceptance.

PHOTO CAPTIONS:

1: STANALONE FACTORY ASSEMBLED RACEWAY CORES STAGED FOR SHIPMENT

2: OFFLOADED & MOVED TO INSTALLATION SITE

3: SET IN PLACE & GANGED

4: CLOSEOUT, COMPLETE & TURN OVER

■ LOCALLY PRODUCED

Located in the heart of the New York metropolitan area; the LaCOUR factory is just 20 minutes from midtown Manhattan in nearby Fairfield, NJ. Our principal in charge approach, together with our close proximity to our customer's

optimizes our control over jobsite conditions ensuring our customer's needs are met in accordance with their expectations.

Whether delivering locally or globally, our approach is the same; provide the utmost level of stakeholder buy in with every customer order.

■ A FAMILY OF FURNITURE SOLUTIONS

CIMA | OPEN

outside the lines of linear benching

SIMPLICITY ENGINEERED

Ultralow boxing & cardboard content

On the fly day 2 moves, adds & changes

Limited lifetime guarantee

Virtually eliminating field assembly

Superior fit & finish

Owners & managers at your disposal

CIMA | OPEN

A modular open bench workstation system comprised of modular factory assembled, standalone sections that are delivered, set in place virtually eliminating field assembly. On the fly day two moves are quick & easy simply by disengaging each section's gang, moving them to their new location & reengaging their gang hardware.
